Programme of exchanges 2005-2006:

Mission 1

Topic: Knowledge exchange about the river basin organisations activities, mainly connected to the WFD implementation

Main objectives:

- to visit each department of the Artois Picardie Water Agency and to learn about the administrative and the functional frame of the visited RBO;
- to learn about the way Artois Picardie Water Agency implements IWRM and WFD at a river basin scale (including transboundary issues through the Scheldt International District) ;
- to visit other water administrations involved in water management (also include stakeholders).

Missions' outputs:

- to complete a report regarding the French RBO's general administrative frame that should detail the other river basin organisation' approaches to implement the IWRM and WFD;
- to observe and learn from the international cooperation frame within an international river basin management;
- to print a presentation of this starting cooperation in the Artois-Picardie Water Agency Newsletter and in one of the Banat local magazine focusing on environmental problems.

Results indicators:

- a list of recommendations/projects regarding IRRM and the WFD that could be taken into account in Romania

Host Basin Organisation: Artois Picardie Water Agency

Expert profile (CV attached): hydrologist Mihaela Madar

Place: France, Douai, Artois Picardie Water Agency

Duration of stay within twinned organisation: 8 days

Cost assessment: 1050 Euros

Air Ticket: 350 Euros + **train ticket:** 140 Euro

Per Diem: 8 days * 70 Euros= 560 Euros

Mission 2

Topic: Knowledge exchange about the river basin organisations activities, mainly connected to the WFD implementation

Main objectives (Please provide sufficient details):

- to visit each department of Banat River Basin Authority and to learn about the administrative and the functional frame of the visited RBO;
- to learn about the way Banat River Basin Authority implements IWRM and WFD at a river basin scale;
- to pay visits to other water administrations involved in water management (also include stakeholders).

Missions' outputs:

- to complete a report regarding the Romanian RBO's general administrative frame that should detail the other river basin organisation' approaches to implement the IWRM and WFD;
- to observe and learn from the international cooperation frame within an international river basin management;
- to print a presentation of this starting cooperation in the Artois-Picardie Water Agency Newsletter and in one of the Banat local magazine focusing on environmental problems.

Results indicators:

Comparison of organisation adopted by Romania and France for the implementation of the WFD: identification of main results, constraints encountered, fields (e.g. economic analysis) requiring further developments.

Host Basin Organisation: Banat River Basin Authority

Expert profile (CV attached): economist Arnaud Courtecuisse

Place: Romania, Timisoara, Banat River Basin Authority

Duration of stay within twinned organisation: 8 days

Cost assessment: 1050 Euros

Air Ticket: 350 Euros + **train ticket:** 140 Euro

Per Diem: 8 days * 70 Euros= 560 Euros

Mission 3

Topic: Cooperation on the development of the activities regarding economic analysis and public participation

Main objectives (Please provide sufficient details):

- to gather as much information as possible about the economic analysis issues and about public participation process;
- to meet the representatives of the stakeholders involved in the implementation of the two topic of interest;

More concrete objectives regarding the economic analysis:

- to compare adopted approaches;
- to compare the data collection methods;
- to analyse the way the technical information are linked and overlaid with the economic data;
- to identify outputs and results: how the economic results are fed into the decision making process.

Regarding the public participation the aims are:

- to compare adopted approaches;
- to compare the activities and tools used for the public participation (including meeting with several stakeholders);
- to exchange information about how to deal with the stakeholders' feedback;
- to participate to a river basin committee preparation session and meeting.

Missions' outputs:

- to develop a report concerning the approaches and strategies that each RBO has adopted in order to develop the economic analysis and the public participation process;
- to improve the each RBO strategies and methodologies in the studied fields;
- to identify further cooperation.

Results indicators:

Comparison of the use of economic analysis between Romania and France.
Identification on fields for common development (e.g. assessment of the social impacts of increasing of water price)

Host Basin Organisation: Artois Picardie Water Agency

Expert profile (CV attached): hydrotechnician engineer Catalin Nagy,

Place: France, Douai, Artois Picardie Water Agency

Duration of stay within Twinned organisation: 14 days

 The logo for TwinBasin features the text 'TwinBasin' in a bold, sans-serif font. The word 'Twin' is in blue and 'Basin' is in green. To the right of 'Basin' is a small 'xT' in white. The logo is set against a background of three overlapping circles: a light blue circle on the left, a yellow circle in the middle, and a green circle on the right. A small gear icon is positioned below the 'TwinBasin' text.	REQUEST FOR TWINBASIN ^{xn} SUPPORT	Number of pages : 5/6
