• **Programme of exchanges 2007:**

➔ Mission 1

• **Topic : Implementation of the Water Framework Directive and the role of economic analysis and instrument in this implementation.**.....

• **Main objectives (Please provide sufficient details):**

1) Participation to a seminar organised by Artois-Picardie Agency

The main objectives of this seminar are:

- to provide a detailed review of what has been done regarding the economic analysis and what is to be done through the development of the programme of measures (e.g. cost-effectiveness analysis) and the River Basin Management Plan (e.g. disproportionate cost analysis)
- to identify in these activities what have been successfully addressed (through the illustrations presented by the participants) and which difficulties remain in order to find common solutions or best practices
- to tackle issues such as environmental cost assessment for which practical guidelines are missing at EU level

The output of this seminar should be a report presenting a synthesis of activities undertaken by the participants, practical recommendations and illustrations regarding the economic analysis in the process of Programme of Measures and River basin Management Plan.

2) Meetings with staff from Artois-Picardie and the French Ministry in charge of the Environnement
